## ACTIVITIES

The theme of this annual is the people of North Georgia College—the students and those who lead them. The things we do here are important to us now, and they will be for the rest of our lives. We remember the past, live the present, and dream the future. We are proud of our school and of the position it holds in the state and in the nation. With this in mind, let us open the story of a full, happy year at North Georgia—the best school anywhere!

# Dedication

The 1957 edition of the *Cyclops* is dedicated to a teacher whose courses provide invaluable knowledge and guidance . . . to an administrator whose many years of service to North Georgia College and its students merit recognition and appreciation . . . to a man whose Christian life serves as a model for all to admire and follow. For these reasons and others too numerous to name, this annual is yours—Dean Will D. Young.

CYCLOPS QUEEN

# Miss Bess Duncan

Seldom do we find in one person the many characteristics, the high ideals which are possessed by Bess Anne Duncan—*Cyclops* Queen of 1957. Her charm, beauty, personality, friendliness, and sense of humor have endeared her to the people of North Georgia College.

A senior from Clarksville, Georgia, Bess is majoring in English and Education. She likes to read, swim, and dance, and can always find enough time for a quick hand of bridge as she hurriedly drinks a cup of coffee between classes.

To someone loved and respected by those who know her, we would like to say, "Congratulations, Bess!"

# Activities

As the story of the year draws to a close, let us look back and remember the things which stand out in our minds. We will think of the many events—and commonplace happenings, too—that have made North Georgia College our school. First we think of the dominant force behind our daily life—the military influence. We can see the parades and the never-ending drill and polishing jobs, but we all feel a surge of pride when our colors pass majestically before us. We then move on to other facets of the North Georgia scene.

We see ourselves engaging in a favorite pastime—from the sidelines or from the center of the field. We play for recreation with a touch of competition for good measure.

Now we see our professors — the guardians of our minds. We find them at work in their classrooms, and then later we meet them in the Canteen.

Next we look back to see the expression which means that a job has been well done. We see beautiful clothes and home furnishings displayed with justifiable pride. . . .

The good times we've had are coming into the picture. We can see the gang in the dormitory — waiting for Santa Claus or just enjoying a few minutes' free time together. . . .

We find ourselves in our favorite gathering spot, enjoying one of our favorite courses — Canteenology. . . .

Our life is not all play, for many hours of study are necessary, too. . . .

The memories of the fun-filled hours are still with us, and they will be for a long time.

With stars in our eyes, we remember the big dances in the beautifully-decorated gymnasium. . . .

We see the school float on Gold Rush Day, showing the past and the present of North Georgia. . . .

Pine Valley, the scene of many picnics comes into view. . . .

Suddenly, the days seem to move too quickly and Graduation Day is here. We see the final parade with its dignity and watch with our hearts in our throats as our friends receive recognition of their achievements. . . .

the shiny gold bar . . .

the Y Cup . . .

the Siler Scholarship Plaque . . .

and finally, the long-awaited diploma. . . .

The story has ended for another year.

## **THERE WILL ALWAYS BE SOMEONE TAKING YOUR MEASURE**

Some measures are taken with a tape, but the more important measures of life are taken by the people who size us up, whether it be a sweetheart, a classmate, a son, a daughter, or a prospective employer. There is always some keen eye, whether we know it or not, scrutinizing the dimensions not only of our physiques but also of our minds, abilities and characters.

Your training at North Georgia College has been designed to improve the dimensions of both your mind and character so that when you graduate it can be said that here stands a Cadet fore-square to the world, ready and eager to shoulder the responsibilities which his particular talents and abilities qualify him to assume.

We measure Cadets for uniforms. Our customers measure us in their appraisal of our ability to execute a uniform contract satisfactorily. It will be a never-ending effort on our part to keep our measurements good in the eyes of North Georgia College.

We salute the Graduating Class and wish you all Godspeed in your chosen field of endeavor.

For the first time, foot and shoe move, and act, as one! Built-in "Powerlift", an elastic harness vulcanized into the sole, keeps the arch always in contact with every curve of the foot. Result: more speed! Foot cannot slide inside shoe; prevents irritations. "Powerlift" Band eases pressure from lacing.
